

NEW PALTZ POLICE K-9 Name Contest

Hey Kids!

The police need your help!!!

We just got our new police K-9. He came to us all the way from Slovakia. He is a Sable Sheppard and is about 15 months old. Right now he's at home with our K-9 Officer Bobby and he will be starting his police training very soon. There is only one Problem,

He doesn't have a name !!!!!

That's why we need your help. We would like each class to take a look at his picture and come up with a name you think might fit. This is very important because this dog will be a real Police Officer once he's done with training. Your teacher will have the details. Thanks a bunch

Each Elementary School Class should decide on one name they think fits our dog. Once we collect the names a winner will be chosen and that class will have their picture taken with our K-9. That photo will be mounted in the Police Department
